CLEANING ACCESSORIES

## BALLISTOL UNIVERSAL OIL

The universal oil - well-tried and unequalled! For maintaining metal, wood, leather, rubber, synthetic material, skin, animals' coat and much more. Ideally suited for handicraft, industry, agriculture, household, gardening, vehicles, fishing, hunting and shooting sports.

PRODUCT CODE	SIZE
21010	50ml
21624	100ml
21723	200ml

## ROBLA SOLO MIL BARREL CLEANER

Tested and unsurpassed also in the field of military use! What is good has got one enemy - that which is better. This is the reason why Robla Solo was developed further and replaced by Robla Solo MIL. On the basis of the excellent results of a series of tests performed by the German Army's Institute of Military Research, there followed the decision to use Robla Solo MIL even with special units of the armed forces.

PRODUCT CODE	SIZE
23536	65ml

## SCHAFTOL STOCK OIL BRIGHT

Our top quality special gun stock oil optimally conserves open pore wood, and thanks to the Gun Stock Oil anti damp complex, protects it against weathering influences of all kind, particularly from becoming stained or mottled. Only a small amount is enough to achieve the required success. Schaftol Gun Stock Oil is only manufactured using high quality, pure, natural products according to an age old tradition and the latest techniques. Schaftol Gun Stock Oil is also ideal for the treatment, maintenance and the care of other woods, such as furniture or antiques.

PRODUCT CODE	COLOUR	SIZE
23814	Clear	50ml
23816	Dark	50ml
23817	Extra Dark	50ml
23818	Premium	50ml
23815	Reddish Brown	50ml

## BORE TECH EXTREME GREASE

With a working temperature range of -95 to 2000 degrees F, this high pressure strength grease extends part life and increases performance. It's petroleum based so it's water resistant.

PRODUCT CODE	SIZE
BTCG-51001	1 oz

## BORE TECH BLAST DEGREASER

This fast acting solvent formulation is designed for quick removal of oils, greases and powder residues from all metal surfaces. This synthetic blend works on the toughest oils and is great for cleaning and prepping metal surfaces before finishing. Environmentally friendly and petroleum free.

PRODUCT CODE	SIZE
BTCD-50015	10 oz

## BORE TECH CHAMELEON GEL

Designed to be used in conjunction with Bore Tech C4, Cu+2, and Eliminator products, Chameleon Gel removes heavy carbon, copper, lead, moly, and plastic fouling. Make multiple cleaning passes, just as you would with any cleaner, and if the gel residue comes out blue/green, you still have copper fouling.

PRODUCT CODE	SIZE
BTCK-40002	2 oz

## BORE TECH CARBON REMOVER

The C4 Carbon Remover's proprietary non-flammable, non-hazardous and 100% biodegradable formulation relies on a sophisticated blend of surfactants, penetrants, suspending agents and chemical action to remove stubborn carbon deposits. Ideal for rifle barrels, bolt faces, flash suppressors, compensators, silencers, chamber throats, revolver cylinders, gas pistons and any other place extreme carbon fouling is found.

PRODUCT CODE	SIZE
BTCC-35004	40 oz
BTCC-35016	160 oz

## BORE TECH TEFLON GUN OIL

Blend of lubricating oils, DuPont teflon fluorocarbon resin, additives, rust preventatives. Additives for stability and to keep the teflon in suspension

PRODUCT CODE	SIZE
BTCO-14004	4 oz

## BORE TECH COPPER REMOVER

Cu+2 Copper Remover from Bore Tech is 100% safe for chrome moly and stainless steel, non-hazardous, odor free, biodegradable, ammonia and petroleum free. Cu+2 uses a 2 step process to remove copper fouling completely from the bore. Cu+2 also contains a rust preventative which conditions the bore after cleaning.

PRODUCT CODE	SIZE
BTCU-26004	40 oz
BTCU-26016	160 oz

## BORE TECH ELIMINATOR

One of the fastest, easiest and safest ways to clean a gun, Eliminator will eliminate the need for other special cleaners on the bench. Works for rimfire, centerfire and shotgun barrels, this cleaner works in a two step process, the first one changes the electric configuration of the copper and the second step acts as a magnet to remove virtually all copper and prevents it from rebedding into the barrel. Non-toxic, non-flammable chemical is petroleum and ammonia free.

PRODUCT CODE	SIZE
BTCE-25004	40 oz
BTCE-25016	160 oz

## BORE TECH RIMFIRE BLEND

Bore Tech's Rimfire Blend was specially developed for use in cleaning firearms exposed high carbon, high lead conditions such as those used in cowboy action, shooting cast bullets, and rimfire. The Rimfire Blend contains no ammonia or offensive odors and is 100% biodegradable. This solvent penetrates and lifts fouling from the bore, reducing the effort needed to clean the firearm.

PRODUCT CODE	SIZE
BTCF-17004	40 oz

## BORE TECH SHOTGUN BLEND

Bore Tech Shotgun Blend Bore Cleaning Solvent is formulated to remove plastic and carbon deposits from barrels, forcing cones, chokes and choke tubes.

Technical Information: Bore Tech Shotgun Blend Bore Cleaning Solvent

PRODUCT CODE	SIZE
BTCN-20016	40 oz
BTCN-20004	160 oz

## BORE TECH SHIELD RUST PREVENTION

The Bore Tech Shield Rust Preventative is a unique rust and corrosion preventative designed to withstand the most extreme conditions. Its specially designed formula displaces moisture and provides a dry, long-term barrier against rust and corrosion for all metals.

PRODUCT CODE	SIZE
BTCP-12008	4 oz

## BORE TECH PROOF POSITIVE BORE STIX

Bore Tech's BORE STIX™ feature the only true ball bearing handles in the industry. This allows for effortless motion and precise following of the barrel's rifling. Translation: BORE STIX provide effective cleaning and eliminate the frustrating issue of having jags and brushes unscrew. Our ergonomically designed handles offer a comfort grip, non-slip foam that also inhibits damage to the rifle stock.

PRODUCT CODE	SIZE	LENGTH
BSTX-2240-00	22 cal	40 inch
BSTX-2244-00	22 cal	44 inch
BSTX-2236-RF	22 cal	36 inch
BSTX-5044-00	416 - 50 cal	44 inch
BSTX-6644-00	6mm - 270 cal	44 inch
BSTX-7344-00	7mm - 30 cal	44 inch
BSTX-7348-00	7mm - 30 cal	48 inch

## BORE TECH V-STIX

Bore Tech is proud to introduce, the new Bore Tech V-STIX™ cleaning rod line. The new V-STIX™ cleaning rods are packed with all the features, quality and performance that you have come to expect from Bore Tech. The V-STIX™ ergonomically designed ball bearing handle is color coded to provide quick and easy caliber recognition. The advanced handle design is large enough to fit your hand but small enough not to interfere with a rifle stock.

PRODUCT CODE	SIZE	LENGTH
BSVX-1740-00	17 - 20 cal	40 inch
BSVX-2230-00	22 cal - 6.5mm	30 inch
BSVX-2236-00	22 cal - 6.5mm	36 inch
BSVX-2240-00	22 cal - 6.5mm	40 inch
BSVX-2244-00	22 cal - 6.5mm	44 inch
BSVX-6644-00	270 cal +	44 inch

E&OE. Stock on hand may vary from product list. Special orders may require a waiting period.

## BORE TECH PROOF POSITIVE PATCH JAG

Traditional brass jags contain over 60% copper in their composition resulting in the blue copper fouling color on your patch when no copper is present in the bore. By eliminating brass one can effectively determine when a rifle bore is truly copper free and reduce wasted patches, chemical and cleaning time.

The Proof-Positive jag line features a proprietary alloy that is as soft as brass but exerts an exceptional tensile strength to prevent bending and snapping under the force of a tight patch.

These jags are specifically engineered to provide superior cleaning and function. Each jag is precision machined to strict tolerances in order to work flawlessly and provide true, concentric pressure on the barrel surface.

PRODUCT CODE	SIZE
BTAJ-17-00	17 cal
BTAJ-22-CF	22 cal C/F
BTAJ-22-RF	22 cal R/F
BTAJ-06-00	243 cal / 6mm

BTMG-50510	50 cal

## BORE TECH CHAMBER MOP

PRODUCT CODE	SIZE
BTMC-300-00	Small
BTMC-200-00	Medium
BTMC-100-00	Large

## BORE TECH SHOTGUN MOP

PRODUCT CODE	SIZE
BTMS-12160	12 - 16 gauge
BTMS-20280	20 - 28 gauge
BTMS-41001	410 gauge

Bore Tech Bore Cleaning Mops are made of 100% cotton. These mops can be used to apply solvents or rust preventing agents to the bore as well as polishing and removing excess solvents/debris instead of using several patches. These mops are made with the same attention to quality and detail that Bore Tech uses making their brushes and jags. This is a must have in any shotgunner's range box.

BoreTechs double wound Brass Brushes are known for being the finest brushes available. This is due to the superior construction and engineered features incorporated into the brush. Our premium Brass Bore Brushes have twice the amount of phosphorous bronze (brass) bristles compared to the competition, resulting in double the 'scrubbing action' and faster to the end. This attention to details is necessary to produce an effective, long lasting, high quality Brass Bore Brush for your rifle.

## BORE TECH BRASS BRUSH

PRODUCT CODE	SIZE	QUANTITY
BTBR-17-003	17 cal	3 pack
BTBR-20-003	20 cal	3 pack
BTBR-22-003	22 cal	3 pack

BTBR-06-003	6mm	3 pack
BTBR-07-003	7mm	3 pack
BTBR-08-003	8mm	3 pack

Bore Tech's Proof Positive Nylon Bore Brushes have twice the amount of bristles compared to the competition, resulting in double the scrubbing action and faster cleaning. These brushes feature oversized bristles for extra rigidity and non-brass cores and couplers which prevent false indication of copper fouling remaining in your bore.

## BORE TECH PROOF POSITIVE NYLON BRUSH

PRODUCT CODE	SIZE	QUANTITY
BTNR-22-003	22 cal	3 pack
BTNR-07-003	270 cal / 7mm	3 pack

## BORE TECH SHOTGUN WIRE BRUSH

Our premium wire shot gun brushes have twice the amount of phosphorous bronze (brass) bristles compared to the competition resulting in double the "scrubbing action" and faster cleaning. Each brush core is cold welded to the coupler and the brush bristles are filled to the end. This attention to detail is necessary to produce an effective, long lasting, high quality wire shot gun brush for your shotgun.

PRODUCT CODE	SIZE
BTSB-12-100	12 gauge
BTWB-20-200	20 gauge

## BORE TECH SPIRAL SHOTGUN BRUSH

Since the beginning Bore Tech has been making premium firearm accessories for serious shooters. They strive to excel in form, fit, function, quality, and value. With an extreme dedication to quality control they are a force to be reckoned with in a crowded field.

PRODUCT CODE	SIZE
BTSB-12-100	12 gauge

## BORE TECH SHOTGUN JAG

This nylon cleaning jag applies pressure on the patch to hold it against the inside of the barrel. Bore Tech recommends 3.5" patches for 10 to 20 gauge and 2.75" patches for 28 and 410 bore shotguns.

PRODUCT CODE	SIZE
BTSG-100-12	12 gauge
BTSG-100-20	20 gauge
BTSG-100-410	410 gauge

## BORE TECH BORE GUIDE ROD

Bore Tech's adjustable Bore Guide is more economical version of Bore Tech's Patch guide. It is a necessary tool for proper cleaning and protection of your firearms. These guides effectively align your cleaning rod with the bore to prevent unnecessary wear to your firearm and cleaning rod. Three separate, colour coded guides cover .17 to .416 cal and fit most popular centrefire rifle actions.

PRODUCT CODE	COLOUR	SIZE
BTBG-0100-00	Gold	17-25 cal
BTBG-0200-00	Red	25-30 cal
BTBG-0300-00	Green	8mm - 416 cal

## BORE TECH PATCH HOG

This is where it all began, with the invention of the PATCH HOG. Bore Tech's Patented and revolutionary PATCH HOG™ patch and solvent collection system is a unique and safe product developed to eliminate the mess and odors associated with firearm cleaning. The Patch Hog simply slips over the muzzle end of any firearm and securely fastens itself via a non-scratching, thick rubber star washer.

PRODUCT CODE	SIZE	QUANTITY
BTPH-1000	Fits all	Single

## BORE TECH ROUND COTTON PATCH

Bore Tech's X-Count patches are the highest quality, 100% cotton flannel, double napped (on both sides), non-fraying money can buy. These patches offer the maximum solvent absorption and cleaning capabilities possible. X-Count Patches comes in variety of square and round sizes to allow proper fit depending on cleaning styles and preferences. All patches are correctly sized to work with Bore Tech Jags and other jags.
